**Free Summer Storytime Returns for 2019**

CONCORD, NH—Families can learn more about the state we all love at the New Hampshire Historical Society this summer with the return of the popular Tales of New Hampshire Family Storytime series, a free program for kids and their families, sponsored by Concord Pediatric Dentistry.

The Tales of New Hampshire Family Storytime starts Tuesday, June 25, at 10 a.m., at the New Hampshire Historical Society, located at 30 Park Street in downtown Concord. It runs for six consecutive Tuesdays, through July 30, always at 10 a.m. Thanks to Concord Pediatric Dentistry's generosity, the storytime is free for all. Although geared toward children ages three to eight, it's fun for audiences of all ages. It's a perfect introduction for young children to all the things that make the Granite State a great place to live.

"Sharing stories about the Granite State is a great way to introduce kids to all the wonderful things about living in New Hampshire. We have so much fun with this program, and we love seeing grandparents, parents, and kids stop in and spend some quality time together during the summer," said Elizabeth Dubrulle, the Society's director of education and public programs.

Each week, one of the Society's storytellers will read aloud a classic tale about life in New Hampshire, followed by a visit to a related museum object or two on display in one of the Society's exhibitions, and time to play a game or make a craft to take home. Participants also get an activity sheet with fun facts, a coloring image, and tie-ins to the Society's website, which contains thousands of digitized images of New Hampshire artifacts.

This fun program is sure to bring a smile to kids and adults alike, so it's only fitting that it is sponsored by Concord Pediatric Dentistry, where the pediatric dental specialists love taking care of kids. With offices in Concord, Lincoln, and New London, Concord Pediatric Dentistry has all board certified dentists and a caring staff, all of whom are dedicated to providing children with the personalized, gentle care they deserve. Concord Pediatric Dentistry offers complete dental care for children of all ages.

Founded in 1823, the New Hampshire Historical Society is an independent, nonprofit organization dedicated to saving, preserving, and sharing New Hampshire history. Nowhere will you find a more extensive collection of objects and archives related to New Hampshire's history. The Society shares these vast collections through its research library, museum, website, publications, exhibitions, and youth and adult educational programs. The Society is not a state-funded agency. All of its programs and services are made possible by membership dues and contributions. For more information about the Society and the benefits of membership, visit [www.nhhistory.org](http://www.nhhistory.org) or call 603-228-6688.
