

1986-46  
Microfilm Only + original

BRERETON, CHARLES  
N.H. PRIMARY COLLECTION, 1952-1988  
Originally 14 cartons & 1 Box, 18 1/2 linear feet  
Transferred to microfilm in 1994 with the exception mentioned below.

**BIOGRAPHICAL NOTE:**

Charles Brereton is the author of the following books:

- First Step to the White House, 1979
- New Hampshire Notables, 1986
- The New Hampshire Primary Guide, 1987
- First in the Nation, \_\_\_\_\_

He has written a column on politics and public affairs for several New Hampshire newspapers and has done research for a television documentary titled "The Premier Primary: New Hampshire and the Presidential elections. He lived in Concord while working on these projects.

**SCOPE AND CONTENT NOTE:**

These files were accumulated by Brereton while he was doing research for his various projects concerning the New Hampshire Primary. The materials are largely secondary sources, newspaper clippings and magazine articles. Originally they filled 14 cartons and one five inch document case. In 1994 it was decided to microfilm the collection and dispose of the materials as they were all decomposing rapidly. Before microfilming the archivist pulled samples of the campaign ephemera such as bumper stickers, photographs, fliers, etc. Correspondence from national campaign offices, speeches, travel schedules and similar materials were left to be microfilmed.

\_\_\_\_\_ Part I of this register lists the folder names to be found on the microfilm.

Part II lists the materials remaining in a box in Manuscripts.

Part III lists the names of folders of ephemera given to Special collections.

\_\_\_\_\_ Part IV lists the names of oral history tapes recorded by Brereton of candidates and political power brokers. There are also tapes of radio interviews done by others. These tapes are in Special collections.
